

IN FULL RETREAT.

Gen. Kuropatkin's Army is Racing For Mukden With the Japanese in Pursuit.

SEVERAL ATTACKS ON REAR GUARD

It is Reported That It Had Been Almost Annihilated and the Main Army is in Danger.

A Strong Japanese Flanking Column, Northeast of Liao Yang, is Trying to Get Between the Russian Forces and Mukden.

New York, Sept. 6.—The force of Kuropatkin and Oyama are racing for Mukden. This much stands out in the news of Monday, and is indicated in a report forwarded by Gen. Kuropatkin, who says that his retreat is being conducted in perfect order, though the Japanese on Sunday repeatedly attacked his rear, and continued the attack until Monday. The result of the race is in doubt.

The united Russian forces are now north of Yental, a station on the railway about 10 miles northeast of Liao Yang. They are pushing on to Mukden, to which the bulk of Japanese forces is marching direct, after having swarmed across the Taitse river. A strong Japanese flanking column is about 30 miles northeast of Liao Yang, and is trying to get between the Russian forces and Mukden.

With this race in progress there comes a brief dispatch from Mukden, saying that preparations for the evacuation of that place are proceeding. This report, if well founded, as is pointed out in St. Petersburg dispatches, would mean the abandonment of the whole southern Manchuria, and the winding up of the present campaign.

It was reported in St. Petersburg at a late hour Monday night, that Gen. Kuropatkin's rear guard had been almost annihilated, and that the main Russian army was in danger of being surrounded.

Kuropatkin, in his report, makes no mention of the abandonment of 200 guns at Liao Yang, a rumor to which effect is in circulation.

Advices from Port Arthur, by way of Chee Foo, brings the fighting there up to September 2, and say the Japanese losses were very heavy.

St. Petersburg, Sept. 6.—The Russian losses during the fighting at Liao Yang are estimated at 16,000. There is no doubt here that a number of guns, especially siege artillery, have been abandoned.

London, Sept. 6.—The race of Gen. Kuropatkin for Mukden enthralled the British press and public, and military and other critics scarcely dare venture a definite surmise as to the result. The best opinion inclines to the belief that Kuropatkin will get through with a respectable remnant of his great army, thus robbing the Japanese of the complete fruits of their victory, but it is rumored that the Russians will not be out of the woods for several days.

The latest report is that Gen. Kuropatkin is once more in danger of being cut off, and it is believed here to be likely that this report will be repeated several times before the issue of the sanguinary struggle is decided. English military critics base such opinions as they have upon the tremendous topographical difficulties Gen. Kuropatkin must overcome, before intercepting Kuropatkin, who, they hold has shown ability to take advantage of every phase in the strategy of retreat.

RETREAT CUT OFF.

Russian Officers and Men Have Been Seized With Despair.

London, Sept. 6.—The Daily Mail Tuesday morning prints a dispatch from Sin Min Tun, dated September 5, giving a report that Gen. Kuropatkin's retreat has been cut off.

The dispatch goes on to say that the Russian troops had advanced in strong force to the southeast of Mukden as far as Japing hill to oppose any possible attack in the direction of their advance.

A Chinese official who arrived from Mukden says that the Russian troops are leaving for the north; that there are 18,000 men ten miles to the east of the city; that the officers and men have become despairing, and that much sickness prevails.

ELEVENTH DISTRICT CONTEST.

The State Central Committee Decides For Neither Contestant.

Louisville, Ky., Sept. 6.—After a five hours' public session at the Galt House the republican state central committee met in secret session Monday night and declared that the certificate of nomination issued to Dr. W. Godfrey Hunter as nominee for congress from the Eleventh district was not given by a quorum of the district committee, and that the result of the primary election of August 9 has, therefore, not been determined.

Resolutions were unanimously adopted directing the 19 county committees to meet at the respective county seats September 15, canvass the returns, prepare proper certificates of the votes cast, and present these certificates to the district committee, which is directed to meet at Somerset, September 21.

This latter date was fixed in accordance with the mandatory injunction issued Monday by Judge Robert Riddle, of the Estill circuit court, the action of the state central committee deciding the contest for neither Dr. Hunter nor D. C. Edwards.

BEAT THE GRIM REAPER.

A Kentuckian's Wild Ride in a Race With Death.

Lexington, Ky., Sept. 6.—Seated in an automobile with an experienced chauffeur at his side Mr. Gus Rogers, principal of the deaf and dumb institute in Danville, engaged in a wild ride against death Monday. He came here to meet the body of Miss Maria L. Wardroper, of Pittsburg, Pa., a sister-in-law, and which was brought here for burial. While attending her obsequies his brother-in-law, R. B. Higgins, of this city, died, and while making the arrangements for his funeral he received a telegram announcing the approaching death of his sister, Miss Effie Rogers, in Danville. There being no train until late at night Mr. Rogers engaged the auto and started across country for his sister's bedside, which he just managed to reach in time to witness the end.

Jones, and it was a case of love at first sight. They lived together but a few weeks.

MANEUVERS BEGIN

Orders For a Rush to Positions Were Given in Both Camps at Midnight.

TO END WEDNESDAY AFTERNOON.

Considerable Feeling Developed in Gen. Grant's Camp on Account of a Colored Regiment.

Many of the Southern Soldiers Have Declined to Salute the Negro Officers—Ball Cartridges Brought Into the Camps.

Corps Headquarters, Gainesville, Va., Sept. 6.—Orders for a rush to positions were given in both maneuver camps exactly at midnight Monday night. The "blue" army, under Gen. Grant, was put under way to attack the "brown" army, under Gen. Bell. The orders of Gen. Bell sent his forces toward his adversary at double quick. It is his desire to reach a position near the center of the maneuver field and stop the attacking force, whose duty it is to force a passage through Thoroughfare Gap. Careful estimates of these marches indicate that at daybreak a collision between the opposing forces will take place some where near Groveton, a memorable spot in the Bull Run battles. From this first collision the brown army can fall back, if necessary, to successive positions toward Thoroughfare Gap. Gen. Corbin will join Gen. Grant Tuesday, and will press the operation of his army. The day following he will be with Gen. Bell.

The plans of neither commander have been divulged, but the problem makes plain to military strategists the course that will be followed in all likelihood. Every regiment to participate in the maneuvers was in its place shortly after noon Monday. Outposts duty, regimental and brigade drills have been inspected, and all the final arrangements made for leaving camp for the battle, which is to continue until 3 o'clock Wednesday afternoon, with a truce from 3 o'clock Tuesday afternoon until midnight. While the armies were preparing for their contest Monday night in maneuver camps No. 1 and No. 2, corps headquarters presented a scene quite in contrast to warfare. Gen. Corbin and his distinguished guests gathered in the mess tent for dinner at 7 o'clock, and the function was prolonged until 9 o'clock, while speeches in response to toasts were made. A toast to the president was drunk standing, a toast to Spain was responded to by Col. Monteverde, the Spanish military attaché, who is an observer of the maneuvers. Col. Raspofoff, the Russian observer, raised his glass to the president.

Considerable feeling developed today at Gen. Grant's camp at Manassas between soldiers of the First South Carolina infantry, the First Texas infantry and the First Georgia infantry on the one hand, and a colored Connecticut regiment. Many of the southern soldiers have declined to salute negro officers.

It was discovered Monday, although it is fair to say not in this connection, that in spite of precautionary measures taken, ball cartridges have been brought into the two big camps. A rigid inspection was ordered Monday night, and the belt of every soldier will be inspected before the companies go into action.

Suicided by Shooting.

A BLOODY BATTLE.

Two Men Killed, One Fatally and Others Seriously Wounded.

Wheeling, W. Va., Sept. 6.—As a result of an attempt to collect a long standing bill by a clerk in a country store at Green Soal, 20 miles south of here, on the Guan river, Monday, two men were killed, one fatally injured, another seriously injured and two more men who escaped and have disappeared, are supposed to be injured.

The dead are: Allen Brumfield, for 20 years a justice of the peace of Lincoln county, shot through the heart and instantly killed; William Adams, shot four times in the body, and died immediately after the fight. The injured are: George Mead, shot twice in the body, and will die; John Lambert, shot through the shoulder, and seriously but not fatally injured. Two brothers of John Lambert, who engaged in the fight, are believed to be wounded, but escaped to the mountains.

BEFORE DAY CLUB.

It Has for Its Object the Killing of White Men.

Tallahassee, Fla., Sept. 6.—During the taking of testimony before the coroner's jury Monday in the case of N. W. Epps, a prominent and prosperous planter, who was shot to death Saturday night near Bradfordville, Isum Edwards, Jr., the negro who did the shooting acknowledged that a "Before Day club" had been organized in the county, and that a number of prominent white men had been picked out to suffer death.

The Negro Edwards implicated a number of other Negroes, and Monday night there were eight Negroes in the county jail at Live Oak. They were taken there Monday on a special train. It is reported that emblem of death have been found on trees in several plantations of the best citizens of that section. It is supposed they were placed there by members of the "club."

Lukes' schooner yacht Corona has won the ocean race, which was started from Scotland lightship at noon on Saturday for prize cups valued at \$1,500 offered by the flag officers of the Atlantic Yacht club. The Corona and the Endymion, the latter owned by Commodore George Lauder, of the Indian Harbor Yacht club, were the only starters. The Corona finished at Scotland lightship at 8:27:43 on Sunday night, having covered the course in 31 hours, 23 minutes and 43 seconds. The Endymion finished at 3:38:48 on Monday morning. The Corona won by seven hours, 10 minutes and five seconds elapsed time.

MANAGER MCGRAW HURT.

Ankle Dislocated at the Conclusion of Double Header Game.

New York, Sept. 6.—John J. McGraw, manager of the New York national league team, sustained a dislocation of the left ankle with the conclusion of the double header between the New York and Boston clubs at the Polo grounds Monday afternoon. When Mertes made a hit to center field, which brought in the winning run in the second game, a large number of the 37,327 persons who witnessed the game, surged out on the diamond, and some of the more enthusiastic raised the members of the New York team to their shoulders. McGraw tripped and fell in front of the on-rushing mob, and was trampled on by many feet before being extricated.

Sam Dennis and Spain were attempting to induce Marion, another of the Dennis brothers, who was intoxicated, to return home, when Joe Dennis appeared upon the scene. Joe interfered, claiming that Spain was mistreating the drunken man, and the shooting followed. Spain is under arrest.

LABOR DAY PARADE

Trades Unionists Would Not March With Non-Union Musicians at Ft. Wayne.

SERIOUS TROUBLE WAS AVERTED.

A Squad of Police Escorted the Objectionable Musicians Out of the Line and March Proceeded.

The Day Was Observed at Cripple Creek, Col., With a Parade of 3,000 Independent Workmen, Including Militia and Firemen.

Fort Wayne, Ind., Sept. 6.—The unwillingness on the part of the trades unionists to march with non-union musicians, caused a hitch in the formation of Labor day parade here Monday. The independent teamsters, who are not affiliated with the local federation of labor, were assigned to a place in the parade. At the head of their column was the Fort Wayne military band, which is not affiliated with the musicians' union. The union men refused to march until the non-union band was ordered out of the parade. Upon the request of the grand marshal, a squad of police escorted the musicians out of the line, and the strenuous objections on the part of the teamsters. The counsel of cooler heads prevailed against serious trouble, which was anticipated.

The principal speaker of the day was James Wilson, of New York, president of the International Pattern Makers' union. He spoke at length of the packers' strike, and urged that all union men lend their financial and moral support to the striking butchers.

Chippie Creek, Col., Sept. 6.—Labor day was observed here with a parade of 3,000 independent workmen. It was the first time in the history of the camp that the union men failed to parade, and probably the first observance of Labor day by strictly non-union men in America. Banners reading "They can't come back," "Cripple Creek is still in America," "189 ship-ping mines" and "We don't hire salaried agitators," were carried. Army officials, the fire company and the local militia participated. It is thought to be the first time the militia ever marched in a Labor day parade.

Indianapolis, Ind., Sept. 6.—Labor day was observed generally Monday. The parade was one of the largest in the history of labor demonstrations here. An incident was laboring men compelling the street cars to stop and not break through the parade. The city ordinance compels cars to pass through every five minutes. There was a general scuffle between labor-sympathizers watching the parade and the police, but no one was hurt. The cars passed through at the time, but later were stopped after the police dispersed.

NEGRO HANGED BY A MOB.

He Was Charged With Attempted Assault on Two White Girls.

Little Rock, Ark., Sept. 6.—A special from Crissett, Ark., states that a negro, who attempted to assault two white girls Saturday night, was taken from the jail Sunday and lynched about three miles from Crissett. After strapping him to a tree the mob rid-dled his body with bullets. His assault upon the girls took place on the Jim Bonham plantation, 25 miles from Crissett.

THE STOCKYARDS STRIKE.

Indications Are That it Will Be Called Off Soon.

Chicago, Sept. 6.—The indications are that the stockyards strike, begun two months ago, will be called off within 24 hours. Through the medium of a middle man negotiations were begun Monday in an effort to secure an understanding with the packers on which the striking unions can rely as a basis for abandoning the strike on Tuesday afternoon.

DEMOCRATIC TICKET.

For President,
ALTON BROOKS PARKER
of New York.

For Vice President,
HENRY G. DAVIS
of West Virginia.

For Congress,
JAMES N. KEHOE
of Mason County.

P.-K. CLUBS SUGGESTED.

What are the Democrats of Mason County going to do in regard to organizing for the coming campaign?

There is no doubt but what Judge Parker has an excellent chance to win the Presidency, and it is a foregone conclusion that Mr. Kehoe can thresh the political life out of anybody the Republican party is likely to name as his opponent for Congressional honors this fall, but of course success at the polls can only be attained by united party effort.

Clubs are being organized everywhere and there should be several Parker and Kehoe organizations in this county, though we have yet to hear of the first move being made in that direction.

It is foolish to think the Republicans are divided and will not stir themselves. You can just bet they will be whipped into line without the loss of a single vote unless the Democrats get aggressive and go to work to win converts from the opposition as well as organize and strengthen their own forces.

Somebody start the P.-K. club movement.

PLEASED AND DISPLEASED.

One Section of the State Approves the Petroleum Method While Another Gives it a Black Eye.

While the oiling of roads in Fayette County and the streets of Lexington is reported to have given such universal satisfaction, it would be well to notice this wail which comes from the territory adjoining Louisville: "Residents along the Bardstown road are raising a howl such as has never been heard before regarding the dust. Within the last ninety days the road has been twice sprinkled with crude petroleum with a view to laying the dust, but the situation has become far worse than had the oil been left off. As it is, the dust is in as great quantities as it could be without the oil, and, carrying the greasy substance in its flight, as it does in great clouds, everything which comes in contact with it is ruined. It is also believed to be detrimental to vegetation, and the dying of so many shade trees is attributed to the oil and dust mixture.

In many homes, especially some of those in Deer Park, the carpets have been ruined by the mixture which has been carried in on the feet. The greasy substance has made the paint on houses look as though it had been smeared with a broom." Residents appealed to the Fiscal Court for the oil; now they are in a quandary what to do to get rid of it.

The Journalist as a Gentleman.
[Lexington Herald.]

As there are shyster lawyers, as there are quack doctors, as there are unworthy ministers, so are newspapers which are a disgrace to their kind. As there are lawyers who rob their clients, so are there newspapers which blackmail the public; as there are doctors who cause suffering and death by their ignorance and incapacity, who thrive through the folly of the public, so are there newspapers which pander to the vicious, the brutal, the corrupt and revel in vulgarity and abuse. But this type is becoming scarcer and scarcer every day. The papers which, like Glenn's Graphic "must and shall be a gentleman," are becoming more potent, are wielding a greater influence, are fixing the standard of the profession more and more every day. The grafter, the blackguard, the blackmailer, the scandal monger, are becoming less and less tolerated.

SCHOOL BOARD.

No Change in the Books of the Public Schools of This City For the Present at Least.

At a called meeting of the School Board Monday evening, the book question was the only topic for discussion, and it was debated at length, some members favoring the adoption of the uniform series of text books as accepted by the State School Book Commission, but the majority were not inclined to favor it, as the county has a five-year contract for furnishing books.

Messrs. Hutchins, Schwartz and Ryder voted for the adoption of the uniform series of text books and Messrs. Sallee, Davis, Poyntz, Russell, Yazell and Taylor were against it.

The school board will use the new books where they are needed but will not compel pupils to purchase new ones until those now in use have been dispensed with.

The new game law prohibits the sale of partridges, quail, wild turkeys, pheasants and similar game killed in Kentucky. A hunter may kill game, but he must carry it home himself and use it on his own table. The purchase or sale is prohibited, and the railroads are commanded not to receive game for shipment, under penalty of a fine. A warden will be named by each County Judge in the State to enforce the laws, and for compensation will receive all of the fines collected except the part that goes to other officers of the courts. The warden has the power of arrest, and as his pay will depend upon his industry, he will usually be found rigidly enforcing the law.

THE AUTO-PIANO

The Invention of the Age—Call at John I. Winter's Store and Examine This Marvel.

In appearance it is only a handsome Mahogany Piano, such as you see in many fine homes, but with it, those who are fine performers, can produce a volume of harmony beyond the ordinary piano, while those who are unable to play one single note of music by simply pressing a concealed button can play the most difficult composition of the old masters, as only a Paderewski can. Your friends will think that you have become a fine performer in a night. It is wonderful.

The Mayor reported \$24 amount of license collected during month.

Chris Hunsicker was allowed \$1 for transporting some articles to the alms house.

The action of the Mayor, Clerk and committee who drew up the contract covering the purchase of the street-rolling machinery was ratified.

A check for \$50 57 was received from Mr. Frank Armstrong, same being in settlement for taxes assessed for years 1901 and 1902 on property for which he is agent.

Building permits were granted as follows:

May V. Wilson, an addition to her residence on West Fourth street.

Thomas A. Davis, brick toilet room addition to the recently-purchased Taylor property on West Second.

Thomas Tolle, stable on his lot in Sixth ward.

Miss Bierbower, coal house on premises in Third ward.

The Internal Improvement Committee was given further time to complete a lot of work previously ordered.

Away back yonder in the dim and misty past—so long ago that no one seemed to know just when—pavements were ordered laid on the north side of West Second street. Everybody complied with the law on the subject with two exceptions. From month to month during several years the matter has been brought up, but each time the committee reported "nothin' doin'." Mr. Frost did his level best last night to push the matter, he and other members calling attention to the dangerous condition of the sidewalks in several localities and the likelihood of damage suits resulting should Council continue its dilatory tactics. The subject brought out considerable discussion, but no decisive action was taken in the matter.

The Mayor appointed the following new Library Committee:

First Ward—R. A. Cochran.
Second Ward—Dr. Pickett.
Third Ward—W. B. Pecor.
Fourth Ward—Geo. W. Childs.
Fifth Ward—M. F. Marsh.
Sixth Ward—Chas. Walther.

A new ordinance was reported, placed on its second reading and passed authorizing a vote to be taken at the regular November election, re-submitting the sewer proposition to the people authorizing the issue of bonds not to exceed \$12,000 for the construction of the East End sewer.

An amendment to the dog license ordinance was submitted by the City Attorney, and adopted on its second reading. Hereafter dogs found without a collar and tag showing tax has been paid will be impounded and owner fined not less than \$2. If the animal is unclaimed at the expiration of seventy-two hours poor dog tray will be electrocuted or sent to the canine happy hunting grounds by some other route.

The Mayor was empowered to issue emergency bonds and notes to the amount of \$5,000 and use as much of same as may be necessary in the purchase of material and paying for work done on the East End sewer during the month of September.

Complaint of filthy condition of alley in rear of Central Hotel was referred to Internal Improvement Committee.

There being no further business, Council adjourned.

The people of Germantown and vicinity have a right to be proud of the jubilee fair which proved a success in every particular. Good weather, large crowds, good behavior and the finest show of stock ever exhibited. Fine dinners spread everywhere, many handshakings and meeting of old friends who will in all probability never meet again. For jubilee day Mr. Evan Lloyd was rightly appointed historian, as he has a splendid memory. His history of the fair from the beginning up to the present time was something most interesting. Mr. Kehoe

was orator. Mr. Clarence Salice poet, Judge Matt Walton of Lexington prophet, Judge Walton being the only one living who made a speech at the twenty-fifth anniversary. Their speeches were all fine, and as they will be printed in pamphlet form, those who couldn't hear can have the pleasure of reading them, and the history as well as speeches will be well worth preserving. Many eyes were dimmed with tears when about one hundred men met in the ring who were there fifty years ago. They marched around the ring while the band played "Old Kentucky Home." Thus ended a touching and beautiful celebration of the fiftieth anniversary of the Germantown fair and as Mr. Kehoe said "it was enough to say of any organization that it had been a success for fifty years," and he hoped it would be like the amphitheatre, never ending.
